

Case Study: Outdoor Security

Heavy-duty 40mm extruded aluminum slats offer maximum protection

Client: Cinemark Theatres - Cedar Hill, Tx.

Situation:

- Outdoor ticket vending machine
- Needed protection from the elements
- Wanted to prevent costly vandalism
- Desired a sleek, low-profile design to match the theater's personality and style

Solution:

- 40mm extruded slats provide extra protection from severe weather and deter vandalism
- By building the box into the marble framework, the contractor was able to maintain Cinemark's styling theme
- Easy to operate and maintenance free
